

NOTICE OF JOB AVAILABILITY

Manufacturing Manager for The Marley-Wylain Company to perform services at Weil-McLain in Michigan City, Indiana. Duties include: provide leadership to the assigned segments of the Operations department to ensure efficiency and quality in competitive production processes; ultimately responsible for the daily production within the assigned areas which are managed through both salaried and hourly union employees who report through this position. In ensuring daily production, responsibilities include the completion and implementation of projects involving advanced plant equipment and process techniques to maximize efficiencies and reduce costs. Requires a solid foundation and understanding of financial metrics, working capital, inventory, lean manufacturing, Six Sigma, 3D CAD modeling, and training; project management responsibilities for this position involve the development of concepts, designs, plans, and project justification for foundry improvements. Proposed changes are identified by the Manufacturing Manager through the analysis of reports and collected data in conjunction with a review of the expected return on investment. Work closely with management at all levels within the organization in facilitating the decision making process to ensure appropriate buy in, accurate evaluation, and approval before implementation. Provide technical guidance concerning methods, time studies, production standards and payroll practices. Req's: Master Degree in Manufacturing or Mechanical Engineering; 3 years experience as a Mechanical or Manufacturing Engineer or Industrial Engineer or combination; 3 years experience implementing lean manufacturing and integrating Six Sigma methodologies into a manufacturing setting; experience with 3D CAD modeling for the design and development of special purpose equipment and experience training individuals on Six Sigma and lean manufacturing. Experience can be acquired concurrently; Salary: \$59,100 - \$81,660 per year. 40 hours per week, Monday through Friday, 7 am to 4 pm. OT as required, exempt. Mail resumes to Candie D. Russell, Human Resources, The Marley-Wylain Company (Weil-McLain), 500 Blaine Street, Michigan City, IN 46360. Identify Manufacturing Manager position. EOE.
