

# Ultra™

## Easy-up Manifold

### **Saves Time**

Ready to install design reduces average single-boiler installation time by two hours or more

### **Saves Money**

Less than the cost of all components, plus assembly time including layout, measuring, cutting, soldering, etc.

### **Easy Installation**

A few connections while ensuring proper flow through the boiler

### **Eliminates Piping Errors**

Helps ensure correct piping strategy by incorporating the primary/secondary piping requirement

### **Provides a Professional Appearance**

Neat joints, top-quality components, color-coded valves, precise and true installation

### **Makes Indirect Water Heater Installation Easy**

Includes boiler flow check and take-offs for domestic hot water connection for now, or in the future

### **Simple System Servicing**

Manifold shut off valves provide quick isolation of the boiler and circulator from system piping

# Ultra™ Easy-up Manifold

\* Circulator is not included in the Ultra Easy-Up Manifold Kit, a circulator ships with every Ultra boiler

## Part numbers for ordering:

Ultra boilers 80 - 105  
# 383-500-649

Ultra boilers 155 - 399  
# 383-500-661

## Ultra Gas kits that are available to make installation even easier:

3" PVC Concentric Vent kit  
# 383-500-350

Condensate Neutralizer kit  
# 383-500-631

Low Water Cut Off kit  
# 511-100-005
