Ultra Easy-up Manifolds

Installing an Ultra Gas Boiler Just Got *Ultra* Easy!

- **Saves Time**
 - Ready to install design reduces average single-boiler installation time by two hours or more
- **Saves Money**
 - Less than the cost of all components, plus assembly time (layout, measuring, cutting, soldering, etc.)
- **Easy Installation**
 - A few connections while insuring proper flow through the boiler
- **Eliminates Piping Errors**
 - Helps ensure correct piping strategy by incorporating the primary/secondary piping requirement
- **Provides a Professional Appearance**
 - Neat joints, top-quality components, color-code valves, precise & true installation
- **Makes Indirect Water Heater Installation Easy**
 - Includes boiler flow check & take offs for domestic hot water connection for now, or in the future
- **Simple System Servicing**
 - Manifold shut off valves provide quick isolation of the boiler & circulator from system piping
