

Discontinuation of Pool Heat Exchangers and Brazed Plate Heat Exchangers

Dear Weil-McLain Distributors,

Due to supply-related issues, Weil-McLain has decided to discontinue the pool heat exchanger and brazed plate heat exchanger product lines. We have a limited supply of certain sizes, please contact our Distributor Support group for availability and last purchase. For existing open orders, we are making every effort to fill these. If we are unable to fill an existing order, our Distributor Support team will contact you.

The chart below identifies the discontinued items, and remaining pieces in stock.

Brazed Plate Heat Exchangers	Part #	Remaining Units
WMBP1-14E	636-000-001	12
WMBP1-20E	636-000-002	2
