

## New WM97+ Series 2 Boiler Part Numbers

Dear Weil-McLain Distributors:

Weil-McLain will soon release and ship new Series 2 WM97+ residential gas water boilers in place of the existing Series 1 boilers, when they become available.

The changes between Series 1 and 2 WM97+ boilers is primarily on the 110K BTUH input size unit.

The changes on the 110K BTUH input size boiler is a result of switching from the Honeywell combustion system, to an EBM system. The 110 size components that changed included the blower, gas valve, venturi, burner, igniter, refractory, cover plate and silencer. The boiler control also changed on all three sizes, and is backwards compatible on series 1 WM97+ units.

Please see the chart below that identifies the new Series 2 boiler part numbers.

<b>MODEL</b>	<b>EXISTING SERIES 1 PART #s</b>	<b>NEW SERIES 2 PART #s</b>
WM97+ 70	383-700-003	383-700-006
WM97+ 110	383-700-004	383-700-007
WM97+ 155	383-700-005	383-700-008

### Download New Series 2 WM97+ Boiler Manual

The beginning serial number of series 2 WM97+ boilers will be CP7536901.

Again, Series 1 boilers will continue to ship until the new Series 2 WM97+ boilers become available.

And as always, thank you for your continued support of Weil-McLain products and services.
