

New Series 2 Aqua Plus Indirect-Fired Water Heaters

Dear Weil-McLain Distributors, Sales Representatives and Agents:

Weil-McLain has started the transition from the existing series 1 to series 2 Aqua Plus indirect-fired water heaters and is shipping the new Series 2 units, in place of the existing Series 1, as they become available.

The changes between Series 1 and 2 are as follows:

- 1 Heat exchanger coil upgraded from 304 to 316L SS**
 - 2 Passivation process added to protect welds**
 - 3 Replaced existing thermostat with new digital version**
 - 4 Removed anode**
 - 5 Removed recirculation tapping**
 - 6 Removed inspection hatch**
- Changed jacket material**

The chart below identifies the water heater part numbers-trade pricing and warranty periods remain the same.

MODEL	EXISTING SERIES 1 PART #s	NEW SERIES 2 PART #s
Aqua Plus - 35	633-500-000	633-600-000
Aqua Plus - 45	633-500-001	633-600-001
Aqua Plus - 55	633-500-002	633-600-002
Aqua Plus - 85	633-500-003	633-600-003
Aqua Plus - 105	633-500-004	633-600-004

Please click on the links below to download our new Aqua Plus Series 2 brochure, and product manual-which includes easy direction on water heater thermostat connection to our boilers. Hard copies can be ordered through our website.

Again, Series 1 water heaters will continue to ship until the new Series 2 units become available.

And as always, thank you for your continued support of Weil-McLain products and services.
