

SlimFit 1000-2000 Series 2 - Production Conversion Announcement

Dear Weil-McLain Distributors, Sales Representatives and Agents:

Weil-McLain announces the SlimFit® 1000-2000 MBH Series 2 Commercial Boiler with Advanced Control Capabilities production conversion starting November 01, 2017

- **Models 1000 / 1500 / 2000 MBH**
- **High Efficiency, Condensing Boiler Design Up to 96.1 Combustion Efficiency**
- **Market-Leading Installation & Service Ease**
- **Control Compatibility and Commonality 220 – 2000 MBH**

Production Conversion

Strong market demand projections driven by an active cache of open SlimFit 1000-2000 Series 1 bid submittals are prompting the delayed production start of the Series 2 design.

Store front inventory of Series 1 boilers will be maintained through the end of October 2017 with Series 2 model availability starting in November 2017. Sales collateral to enable incorporation of the Series 2 design into future projects was made available with the August 2017 program launch and can be found on the Weil-McLain website.

Description	Series 1 Part Number	Series 2 Part Number	Trade Price
SlimFit SF1000L - Left Hand	383-600-012	383-600-400	\$25,830
