Exciting New Products Keep Coming from Weil-McLain

AQUA PRO

Continuing with our tradition of providing the quality you trust, product you need, and value that you deserve, Weil-McLain proudly introduces the new Aqua Pro line of composite, non-metallic indirect-fired water heaters.

Aqua Pro key features/benefits:

- Innovative tank technology which fuses a polybutene inner vessel with a polypropylene and fiberglass wrapped outer layer
- Ideal for all areas, especially harsh water locations
- Light weight – easily maneuvered, among the lightest in the industry
- Seamless tank construction, no welds
- No anode to check / no annual maintenance
- All top connections
- Removable copper finned high output coil
- Equipped with a temperature controller with digital display
- Durable Brass drain valve
- AHRI Certified

Our Aqua Pro non-metallic tanks will start shipping when they become available from our Eden assembly facility in September.

The chart below identifies all the new Aqua Pro part numbers and trade prices (use the same water heater multiplier as our popular Aqua Plus Stainless Steel line).

Model	Part #	Trade Price
Aqua Pro 30 Gallon	633-500-200	\$ 1,457
Aqua Pro 55 Gallon	633-500-201	\$ 1,982
Aqua Pro 80 Gallon	633-500-202	\$ 2,439
Aqua Pro 119 Gallon	633-500-203	\$ 3,490

BUT WAITthere's more! Do not place your order just yet. Later this week, Weil-McLain will announce the **2018 Fall Full Line and Parts Stock Up Program**, providing you a great opportunity for savings.

Please click on the links below to download the new Aqua Pro sales flyer, product manual, submittal, and warranties. Hard copies of the sales flyer and manual can now be ordered through our website.
