

New Service Kits for AquaBalance Boilers

We Got You Covered!

Weil-McLain now offers two new versions of service kits for the popular AquaBalance Series 1&2 gas boilers.

Annual Maintenance Kits – contains various gaskets, an ignitor, heat exchanger insulation and water filter to maintain optimal boiler performance.

- 80/120 Boiler Sizes: Part # 640-000-114
- 155 Boiler Size: Part # 640-000-112

Parts Kits – contains frequently used components to get a boiler back in service quickly, all housed in a durable resin utility case (pictured above), click on the sales flyer link below to view kit contents.

- 80/120 Boiler Sizes: Part # 640-000-119
- 155 Boiler Size: Part # 640-000-120

Designed with the contractor in mind, to have service parts readily available for most situations.

Act now - big savings realized when purchased as a parts kit, compared to components bought separately.

Also now available, is our new 95% AFUE Series 2 AquaBalance combi and heat only gas boilers - awarded the ENERGY STAR® "Most Efficient" designation in 2018. We brought heat and hot water into perfect balance - where efficiency, ease and value blend into one.
