

Product Discontinuation

Dear Weil-McLain Distributors,

At Weil-McLain, we are continually striving to simplify and improve our full portfolio offering. With our current Evergreen and new ECO Tec gas boiler lines, we continue to deliver product with additional functionality and features at better price points.

As we continue to streamline and simplify, we are discontinuing the WM97+ and the ECO boiler lines. Of course, we will continue to support these boilers with parts and service.

DISCONTINUED PRODUCTS	
Model	Part #
Boilers	
WM97+ 110	383-700-007
WM97+ 155	383-700-008
ECO 110	383-800-004
ECO 155	383-800-005
WM97+ Matching Water Heater	
Aqua Logic	633-800-513

Alternatives:

- Weil-McLain has a wide selection of product alternatives. Our award winning Evergreen 70-155 sizes are direct replacements.
- Our new ECO Tec boiler line has heat only sizes of 80, 110, 150 and 199 MBH input, and also combi versions in 110, 150 and 199 sizes.
- Other alternatives include our Ultra, and AquaBalance that is available in both heat only and combi versions.

BUT WAIT....there's more!

In the following days, Weil-McLain will announce the **2020 Fall Buy-Up Program**; saving you money with a deep discount on the remaining WM97+ boilers and matching Aqua Logic indirect fired water heater (limited quantity left - first come, first served).

As always, thank you for your support of Weil-McLain products and services.
