

New System Circulator Wiring Kit for AquaBalance Boilers

Dear Weil-McLain Distributors,

Weil-McLain now offers a new System Circulator Wiring Kit for the popular AquaBalance Series gas boilers. The AquaBalance boiler control module already has a connection point for the boiler circulator. This new wire harness kit provides an easy and inexpensive solution for operating an additional circulator, the system circulator.

The part number is **640-000-132**, with a trade price of \$41.

This kit is another optional compliment kit for our value line of gas heat only and combi water boilers. Awarded the ENERGY STAR® "Most Efficient" designation, with an impressive 95% efficiency rating (AFUE), the AquaBalance is a great choice to provide your customers the comfort and value they deserve.

If you have any technical questions regarding this new kit, please contact our Weil-McLain Technical Services Department at **1-800-654-2109 (option 2)**, or email wmtechnicalservices@weil-mclain.com

Thank you for your continued support of Weil-McLain products and services.
