

Discontinuation of TT Therma Trim and HT High Trim Baseboard Product Families

Dear Weil-McLain Partners,

Due to supply-related issues, Weil-McLain has made the decision to discontinue sales of our TT Therma Trim and HT High Trim baseboard product families. We will continue to ship TT and HT products while supplies last. We are making every effort to fill the open orders that we have received. If we are unable to fill an order that you placed, our Distributor Support team will contact you.

Our CIBB Cast Iron Baseboard product line remains fully available.

We apologize for any inconvenience and, as always, appreciate your support.
