SUBJECT: *Iron availability for obsolete product: MGB and SF-90*

MGB – Series 2 discontinued December 1985

The availability of iron (end sections and intermediates) for the MGB will cease on November 1st 2006. **There is a limited quantity of iron still available on a first come first serve basis.** If repair iron for the MGB boiler is needed or anticipated, please place orders as soon as possible to secure a quantity. Iron will be unavailable after November 1st 2006 or if Weil-McLain stock is depleted, whichever comes first.

SF-90 – Series 2 discontinued April 1985

The availability of iron (fronts, backs and intermediates) for the SF-90 will cease on December 31st 2006. **W-M can accommodate any new orders until the end of this year.** Please place orders for any demand or anticipated repair demand before the end of the year.

Note: Due to this obsolescence, neither of these products will be included in the next Service Parts Catalog.
