SUBJECT: **Important Product Safety Notice – Action Required**
Effikal Automatic Gas Vent Damper

Effikal, LLC has announced a voluntary Wholesale Distributor Replacement Program for certain Automatic Gas Vent Dampers manufactured between July 1, 2007 and March 1, 2008 due to safety and quality issues. A copy of the Effikal Wholesale Distributor Replacement Program notice is enclosed.

This replacement program affects Weil-McLain EG, CGa and PFG boilers that use the identified automatic gas vent dampers, as well as service parts and kits for these products.

If you are in receipt of an affected EG, CGa or PFG boiler with a white dot on the crate, or a vent damper service part with a green dot on the packaging, these units were inspected by Weil-McLain prior to shipment, and no further action by you is required. If you have an EG, CGa or PFG boiler that does not have a white dot on the crate, or a vent damper service part that does not have a green dot on the packaging, you must follow the instructions in the enclosed notice from Effikal.

Effikal, LLC. will be facilitating ALL associated communications and actions required regarding this voluntary replacement program. Questions concerning any affected Effikal parts should be directed to Effikal at (252) 522-3031. Please review the enclosed Effikal Wholesale Distributor Replacement Program for further details.

This bulletin has been provided by Weil-McLain for informational purposes only.
