

TO: All Weil-McLain Distributors and Agents
FROM: Mike Boyd – Product Marketing Manager
SUBJECT: **New & Improved Ultra Gas Boiler Packaging**

Weil-McLain has now phased in new packaging for our premier Ultra Gas Series 3-UE boiler models 80 through 399, starting with CP# 6193183.

Packaging benefits include:

- ✓ **Ease of handling** – pallet has 4-way access
- ✓ **Durability** – rigorously tested and approved by the International Safe Transit Association (ISTA)
- ✓ **Staging enhancement** – ability to stack 5 units high in warehouse
- ✓ **Easy access** – unpacking made easier by simply cutting plastic straps
- ✓ **Better containment** – no chance of components falling out during transit
- ✓ **Easy model identification** – large, bold font size used on bright white labels-no glue marks!
- ✓ **Environmentally friendly** – our corrugated container is 100% recyclable

Exciting improvements don't stop here...next month we plan to phase in the same type of improved packaging for our popular CGa, CGi, CGs and CGt boilers.

Ultra New Packaging Dimensions

Models 80-230 54" L x 30" W x 27" H

Models 299-399 61" L x 30" W x 27" H
