

**TO:** All Weil-McLain Distributors and Agents  
**FROM:** Mike Boyd – Product Marketing Manager  
**SUBJECT:** Updated Control Supplement & Service Guide for Ultra Series 1 & 2 Gas Boilers

An updated version of the Control Supplement for our discontinued Series 1 & 2 Ultra Gas boilers is now available for models 80, 80LP, 105, 155, 230 & 310. We have conveniently incorporated all control operating information, troubleshooting procedures and boiler maintenance items into one updated guide.

Weil-McLain is mailing a hard copy of this control supplement to every Ultra Series 1 & 2 homeowner who is registered in the Five Year Protection Plan.

An electronic version of this updated control supplement is posted on our web site and can be downloaded at <http://tiny.cc/ff26p>

To obtain hard copies, please complete and fax a Weil-McLain Product Manual Order Form to our Literature Department at (219) 879-4025, or email an electronic form which is in our Product Literature section of our web site.

If you have any questions regarding this updated control supplement, please contact our Technical Services department at 1-800-526-6636.
