

TO: All Weil-McLain Distributors and Agents

FROM: John Kopf – Sr. Commercial Product Manager

SUBJECT: **EGH Atmospheric Boilers – Collector Hood**

On November 29, 2012, Weil-McLain sent out Marketing Bulletin MB-1228 announcing the EGH boiler product line was available for immediate ordering. With this bulletin, we provided you a copy of the EGH Series 5 revision to the Trade Price Schedule (TPS#51) reflecting the new part numbers.

Shortly after the above announcement, Weil-McLain decided to go back to the old part numbers for the collector hoods. Here is a revised list of these part numbers:

Part number	Collector Hood	Price
450-014-750	EGH-85 Collector Hood	\$ 45
450-014-751	EGH-95 Collector Hood	\$ 52
450-014-752	EGH-105 Collector Hood	\$ 52
450-014-753	EGH-115 Collector Hood	\$ 58
450-014-754	EGH-125 Collector Hood	\$ 58

The ordering system can accept either part numbers, it will revert to the above part numbers automatically if the previous part numbers are used, but **we ask you to start using the above part numbers immediately.**

We thank you for your understanding and support. Please contact your local Weil-McLain representative for additional information.
