

TO: All Weil-McLain Distributors and Agents
FROM: Julian Webb – Product Manager
SUBJECT: **WM97+ Aqua Logic System**

Weil-McLain is proud to introduce the new media for the **WM97+ Aqua Logic System**. The combination of Aqua Logic technology and the advanced WM97+ Boiler controls create a groundbreaking system that allows for increased boiler efficiency while supplying dramatically increased amounts of home hot water heating.

Aqua Logic is the brand name for the Companion Water Heater for the WM97+ boiler. In the instruction manuals and boiler controls the abbreviation CWH may be used and is synonymous for Aqua Logic and the Companion Water Heater.

MORE Hot Water MORE Efficiency

- Class-leading hot water production
- Advanced control for personalized scheduling
- Simple plug and play installation

Performance Delivered

- High performance when you need it; maximize savings during low demand periods
- A vacation mode for energy savings while you are away from home
- The ability to flow more hot water during peak demand times
- No temperature swings when other faucets/showers are running

New marketing media

- 2 page flyer – Form No. C-1190
- Advertisement
- Website
- Revised technical training presentation
